

Press Release – 1 October 2019

## Cruise Job Fair Comes to Romania

*Sponsored by Viking*

Following the success of previous cruise job fairs across the UK, Europe and North America, media agency Webix Ltd is delighted to bring the Cruise Job Fair to Romania for the very first time!

The Cruise Job Fair will take place on **Friday 1<sup>st</sup> November** at the **Hotel Caro Club in Bucharest** from 11.00-16.00. The event offers candidates the unique opportunity to speak face to face with recruitment agencies and recruiters from leading cruise lines, hand over their CVs in person and discuss any job opportunities.

Viking, Disney Cruise Lines, Holland America Line, MSC Cruises and Costa Cruises are amongst the numerous companies that will be in attendance from all of the leading cruise lines, concessionaires and recruitment agencies. The recruiters are looking to meet passionate, qualified and experienced applicants for a wide range of positions on board cruise ships throughout the world.

**Managing Director of Webix, Jay Dravecky says:** *“Romania has a strong maritime history and there are many candidates in and around this area who are interested in working on cruise ships. As it is in the European Union it makes it easy for recruiters to hire EU candidates and we are expecting to attract hundreds of enthusiastic and experienced individuals looking for employment on-board cruise ships from Romania and its neighbouring countries.”*

The aim of the job fair is to bring quality candidates and recruiters together. They are seen as the leading careers fairs with the cruise line industry and offer a great opportunity for everyone involved. On the day candidates will be able to acquire everything needed to secure a dream job onboard a cruise ship, such as advice on how to strengthen their CV and interview skills, and to understand what training will be required and if necessary, where to find it.

### **About the organisers, Webix Ltd**

Based in Bristol (UK), Webix is an online media company specialising in cruise ship and marine recruitment. Owners of three job boards - **All Cruise Jobs**, the leading job board for the cruise industry; **yaCrew**, a popular job board for super yachts; and **Sea Career**, a fast-growing job board for marine and offshore jobs - their goal is to assist candidates in the preparation and application for roles within these industries.
