

Press Release 4 December 2018

Cruise Job Fairs for 2019 – Coming to a location near you!

Sponsored by Viking

Following the huge success of previous Cruise Job Fairs across the UK and Europe, media agency Webix Ltd is delighted to announce seven new job fairs for 2019 across Europe and now into North America!

- **Munich**, Germany – 15 February 2019
- **Toronto**, Canada – 8 April 2019
- **Rome**, Italy – 3 May 2019
- **London**, United Kingdom – 7 June 2019
- **Glasgow**, United Kingdom – 20 September 2019
- **Bucharest**, Romania – 1 November 2019
- **Miami**, United States of America – 6 December 2019

Since their launch in 2014, the job fairs have gone from strength to strength and are the leading careers fairs within the cruise line industry, bringing quality candidates and recruiters together.

Attending a job fair is a proven way of finding a cruise ship role within the industry – and is in fact ten times more effective than applying for a job online. Following each job fair, the cruise lines offer dozens of jobs to job seekers who have visited the event and met them face-to-face.

Reasons you should attend a job fair:

- Meet face-to-face with up to 25 recruiters – all in one day in one location
- Hand out your CV and promote yourself directly
- Ask questions and get immediate feedback in person
- Listen to talks from leading recruiters and get valuable tips and advice
- Find out about training opportunities and options

Managing Director of Webix, Jay Dravecky says: “All of the leading cruise lines, concessionaires and recruiters will attend the Cruise Job Fairs in 2019 and they offer a fantastic opportunity for candidates to meet the recruiters in person. Recruiters will be looking for quality candidates for a wide variety of positions covering all departments including deck and engine, retail, spa and beauty, food and beverage, accommodation and guest services.”

Don't miss out on this unique and ideal opportunity to meet and discuss current vacancies on the cruise ships and requirements for any positions that you may be interested in, as well as finding out everything you have wanted to ask about working on a cruise ship.

About the organisers, Webix Ltd

Based in Bristol (UK), Webix is an online media company specialising in cruise ship and marine recruitment. Owners of three job boards - **All Cruise Jobs**, the leading job board for the cruise industry; **yaCrew**, a popular job board for super yachts; and **Sea Career**, a fast-growing job board for marine and offshore jobs - their goal is to assist candidates in the preparation and application for roles within these industries.
